

Course Objective:

The Learning objective of this course are as follows-

1. To familiarize student with the nature and scope of Population geography.
2. To make students learn about the population change, and its dynamics.

Sl.	Unit	Topics	Methodology	Assessment	Outcome
1	Unit 1: 15 Lectures	Nature and Scope of Population Geography, Population Geography and Demography, Sources of Population Data, Distribution and Density of Population, Distribution and its Pattern in the World, Factors Influencing Distribution of Population in the world.	<ul style="list-style-type: none"> • Lecture • Digital Classes • Group Discussion • Self-study • Ex-situ Examples. 	<ul style="list-style-type: none"> • Quiz on basic concepts • Class Test • Assignments • Presentation 	After the completion of course, the students will have ability to: <ol style="list-style-type: none"> 1. Know the pattern of population change and its dynamics. 2. Understand processes of population growth and its implications. 3. Appreciate the growth, distribution and composition of population in different parts of the world
2	Unit 2: 20 Lectures	Concept of Population Composition, Population Change: Growth of Population in the World and India, Components of Population Change, Fertility, Mortality and Migration, Determinants of Fertility and Mortality, Demographic Transition Theory.	<ul style="list-style-type: none"> • Lecture • Digital Classes • Group Discussion • Self-study • Ex-situ Examples. 	<ul style="list-style-type: none"> • Quiz on basic concepts and Theories • Class Test • Assignments • Presentation 	After the completion of course, the students will have ability to: <ol style="list-style-type: none"> 1. Know the pattern of population change and its dynamics. 2. Understand processes of population growth and its implications. 3. Appreciate the growth, distribution and composition of population in different parts of the world
3	Unit 3: 10 Lectures	Migration - Meaning and Types, Causes and Consequences, Theories of Migration – Ravenstein & Lee.	<ul style="list-style-type: none"> • Lecture • Digital Classes • Group Discussion. • Ex-situ Examples. • Self-study 	<ul style="list-style-type: none"> • Quiz on basic concepts and Theories • Class Test • Assignments • Presentation 	After the completion of course, the students will have ability to: <ol style="list-style-type: none"> 1. Know the pattern of population change and its dynamics. 2. Understand processes of population growth and its implications. 3. Appreciate the growth, distribution and

					composition of population in different parts of the world
4	Unit 4: 15 Lectures	Population and Resources, Optimum Population, Population Projection, Malthus Population Theory, Population Policy of India	<ul style="list-style-type: none"> • Lecture • Digital Classes • Group Discussion • Self-study • Ex-situ Examples. 	<ul style="list-style-type: none"> • Quiz on basic concepts and Theories • Class Test • Assignments • Presentation 	After the completion of course, the students will have ability to: 1. Know the pattern of population change and its dynamics. 2. Understand processes of population growth and its implications. 3. Appreciate the growth, distribution and composition of population in different parts of the world
5	Unit 5 12 Lectures	Population-Resource Relationship, Population Resource Regions, Trends of world population and policy	<ul style="list-style-type: none"> • Lecture • Digital Classes • Group Discussion • Self-study • Ex-situ Examples. 	<ul style="list-style-type: none"> • Quiz on basic concepts and Theories • Class Test • Assignments • Presentation 	After the completion of course, the students will have ability to: 1. Know the pattern of population change and its dynamics. 2. Understand processes of population growth and its implications. 3. Appreciate the growth, distribution and composition of population in different parts of the world

Suggested Readings:

1. Chandna R.C. (2009), Geography of Population, Kalyani Publicishers, Ansari Road, Daryaganj, N. Delhi-2.
2. Majid Hussain (1999), Human Geography, Rawat Publications, Jaipur.
3. Trewartha GT. (1959) A Geography of Population, World Patterns, John Wiley and Sons Inc. New York.
